Procedure for your performance

- Upon arrival, find your room and make sure you know exactly where to go, and check-in with your monitor
- Arrive about 5-10 minutes early at your room
- Tell the monitor who you are and make sure everything is good to go
- When both you and the accompanist are there, you may go in when the monitor tells you to
- Introduce yourself and say "Good Morning, my name is _____thank you for listening to me today"
  *If your solo has repeats, please confirm with the judge that it's OK to skip the repeats.
- Get ready, play a warm-up note, making sure to tune with the piano, and perform when ready
  * Check with your tuner if you are not sure you trust your ears (but this can't take too long)
  * Check tempo with a metronome. You will nervous and might play too fast.
- If you choose to play by memory, move the music stand out of the way before you begin
- Leave the room and repeat your thank you to the judge as you leave, be kind no matter what
- That's it, you are done! Good luck! Play your very best!
